Note: The micro soccer concept is for the kids to have fun and learn the skill of handling a soccer ball and teamwork. Try not to get too carried away with the game; just let the children enjoy the soccer experience. A soccer tradition has players and coaches shaking hands after each game. This is a good gesture to reinforce the sportsmanship of the game and each team's efforts.

This format was recommended by the United States Soccer Federation with minor modifications to promote and encourage an appropriate developmental environment for players that is based on both age and ability characteristics.
