BID TABULATION SHEET
Kill Creek Trail Concrete Sidewalk, Retaining Wall
& Bridge Abutments

Bid Opening – Tuesday, August 18, 2009 @ 2:00 PM
 Shawnee Mission Park Administration Building Boardroom

COMPANY	BASE BID (\$)	Unit Cost Sidewalk & Retaining Wall Lineal Foot (\$)	Unit Cost Concrete Sidewalk Square Foot (\$)	Unit Cost Concrete Footing Cubic Yard (\$)	Addendum Acknowledged (X)	Days to Complete
Cobra Contractors LLC	63,000	227	11.00	1356	X	75
GSR Construction, Inc.	54,200	313	12.00	573	X	75
Heartland Contracting, Inc.	93,800	468	10.00	2222	X	40
Meadows Construction, Inc.	96,600	320	12.00	2300	X	60
Mega Industries Corporation	54,561	313	10.50	-830	X	45
Superintendent's Estimate	70,290	470	8.00	661		

Scope: This project includes the installation of reinforced integrated concrete retaining wall, sidewalks, and pedestrian bridge abutments in remote areas along the Kill Creek Streamway Trail, near 127th and Spoon Creek Road. District maintenance staff are coordinating and providing rough grading, pile installation, asphalt installation, backfill, and seeding for the project. The concrete work is more specialized and more heavily- reinforced than what is bid in our typical on-call unit concrete package.

STAFF RECOMMENDATION: Staff recommend accepting bids submitted by GSR Construction, Inc., with the exception of the Unit Cost for Concrete Sidewalk, as all bids submitted on that item were over the Superintendent's Estimate.
